

## Vegan Suitability Declaration

---

Customer: PRO GENEVA  
Product: CLEAN TEA HAND SANITIZER SOLUTION  
1494953

---

Givaudan has reviewed this product and declares that, to the best of our knowledge, it is compatible with Vegan principles as specified below:

- The product does not contain any intentionally added animal ingredients from the animal kingdom (mammalian, poultry, fish, shellfish, mollusk, insects) or ingredients derived from animals such as dairy, eggs, bee products or animal enzymes. The word “animal” refers to the entire Animal Kingdom, that is all vertebrates and all multicellular invertebrates.
- To the best of our knowledge, without prejudice to any other Givaudan position and in the absence of a Givaudan vegan-specific audit process, the manufacture and development of the product does not and has not involved the use of any animal product. The word “animal” refers to the entire Animal Kingdom, that is all vertebrates and all multicellular invertebrates.
- Givaudan strives diligently to minimize cross-contamination from all substances as far as is reasonably practicable Givaudan does not perform or sponsor any animal testing on fragrance and flavor compounds (mixture of blended raw materials)
- Givaudan does not conduct Animal testing on fragrance raw materials for the sole purposes of Cosmetics safety assessment.
- Where specifically required by regulation, or requested specifically by a government agency, and where no option for alternative testing exists, Givaudan will conduct animal testing on fragrance raw materials, after exhausting all other options with appropriate Authorities. Suppliers of Givaudan purchased raw materials may also conduct animal testing for similar purposes.
- Givaudan will not sponsor research projects by third party organizations that conduct animal testing as part of their programs.

### Regulatory Affairs & Product Safety, Fragrance & Beauty

This certificate is generated by calculation based on data for ingredients.

The data in this document has been prepared by Givaudan in accordance with Givaudan's internal protocols and procedures in order to evaluate characteristics and/or performance. Givaudan has in place a program of review and analysis for all relevant fragrance and oral care flavor ingredients. Detection limit for calculation is ten ppm. The information contained herein is, to the best of Givaudan's knowledge, true and accurate at the time it is given. It is provided to Customer for its information and internal use only. Givaudan is not liable for any damages that may result from the misuse of the data. It is Customer's responsibility to perform its own evaluations on the material evaluated herein, including with respect to end-use applications. Any Customer product, marketing or other claims are Customer's sole responsibility.
